

Pathfinder Teaching School Hub Welcome Event - 22 June

Find out about the role of the teaching school hub, including our regional CPD offer.

We are excited to invite colleagues in Ryedale, Scarborough and York to the Pathfinder Teaching School Hub welcome event on Tuesday 22 June at 4.30pm. The aim of the Hub and its partners is to ensure all colleagues at every stage of their career will have the best support, training and development available. During the welcome event you will meet the Teaching School Hub team, learn more about our partners and find out about the regional support and development offers available.

The event will cover:

- The vision and values of the Teaching School Hub
- The opportunities the Hub and its partners bring to colleagues across the region
- The core functions of the Teaching School Hub, which include:
 - Initial Teacher Training (ITT)
 - Delivery of the Early Career Framework (ECF)
 - Appropriate Body functions (AB)
 - Delivery of the new National Professional Qualifications (NPQs)
 - Facilitation and delivery of Continuing Professional Development (CPD) based on local need.
- An opportunity to learn more about the CPD offer across the region, including an introduction to the curriculum hubs.

Continuing Professional Development

The Hub will signpost and facilitate a broad range of Continuing Professional Development across the region. Our strong partnerships with Curriculum Hubs, Research Schools, EdTech Demonstrators and the DfE will ensure all schools can access the most appropriate evidence-driven national offers. We will also work with regional partners to identify and create bespoke solutions, in response to specific local needs. All of our courses go through a robust level of quality assurance to ensure the evidence base is strong and that real-term impact can be made on your students' progress in a sustainable and collaborative way.

We hope you can join us and we look forward to working with you in the future.

Pathfinder CPD Lead

We are committed to raising the life chances and educational outcomes of all young people in the region. We are excited to be able to collaborate with our partners to support a range of evidence-based programmes of professional development. All of our Hub-approved programmes will encourage you to think critically, collaborate with others and look for ways of sustaining your practice around personal, professional and school-wide development. We are committed to reducing work-load and balancing this with positive well-being.

Andy Young
CPD Coordinator
