

# RQT Excellence Programme

DELIVERING HIGH-QUALITY TEACHER TRAINING AND DEVELOPMENT ACROSS RYEDALE, SCARBOROUGH AND YORK

## Session overview

During this cross-phase programme we will support you as you transition into your second year of teaching. The programme consists of 6 sessions which will run half termly throughout the 2021/22 academic year. Current school leaders from a range of contexts will equip you with knowledge and skills linked to the 8 Early Career Framework standards. The sessions will cover broad themes which will be relevant to all education phases. Following your attendance at our first session, you will be given a free copy of the excellent and widely regarded "Teaching WalkThrus" by Tom Sherrington and Oliver Caviglioli. Each session will follow a similar formula and will be hosted by colleagues across our Teaching School Hub.

## Session aims:

- Support you in transitioning from your first to second year of being an Early Career Teacher.
- To review a range of evidence across the 8 Early Career Framework standards which will be relevant to you in your career stage.
- Work collaboratively with others to discuss strategies linked to the standards and how you can ensure that they are embedded in your practice.
- To be able to measure the impact of these strategies on your students' progress and set goals to improve.

## Suitable for

Primary and Secondary Teachers in their second or third year of teaching (RQT)

## Cost

£25 per person for the full programme (please choose to "pay by invoice" to avoid additional fees)
