EASTER 2022

DELIVERING HIGH-QUALITY TEACHER TRAINING AND DEVELOPMENT ACROSS RYEDALE, SCARBOROUGH AND YORK

I hope this newsletter finds you well and that you and your students have had a positive end of term.

We felt it important to update you one last time before the Easter holidays and we would also like to thank you for your continued support during this busy term.

We are proud to be working with over 230 Early Career Teachers and Mentors through the delivery of the Early Career Framework this year. Feedback from the programme remains positive and we hope that it continues to provide ECTs with the best possible start to their career. Next term, we will send you information on how to formally register your new ECTs onto the September 2022 programme. In the meantime, if you have already appointed an ECT for September,

you can [click here](#) to register them.

In terms of National Professional Qualifications, following a successful February start, we are now working with over 250 colleagues from across the region. We are excited about two further NPQs launching in the Autumn term, these are the Early Years Leadership NPQ and the Leading Literacy NPQ. We will be in touch when further information is released and to inform you of potential facilitator opportunities. Please [click here](#) to register your interest in any of the Autumn term NPQs.

Finally, the Teaching School Hub and key partners have worked collaboratively to pull together all of the excellent CPD provision from across the region which can be found on the Hub website by

[clicking here](#). We want to make it as easy as possible for colleagues in all schools to access the excellent regional offer.

This year the WalkThru programme has been delivered to over 100 colleagues, the Early Years programme to over 120 colleagues and, working in partnership with Whole School SEND, the Adaptive Teaching programme has been rolled out across the region. The Hub and its partners are looking forward to updating you on new programmes that are to be offered next academic year.

Alexis Green-Harding
Pathfinder Teaching School Hub Director

Headteacher Conference

It was a pleasure and a privilege to host our first Headteacher Conference since being designated as a Teaching School Hub. It was a great day and amazing to see so many colleagues from across the region coming together in person.

Taking place at Malmaison hotel in York, the one-day conference focussed on a range of themes, including inclusive leadership, meeting the needs of all pupils and fostering positive wellbeing. All sessions were delivered by leading experts in their field, ensuring high quality provision.

"An inspirational day and opportunity to reflect on my role as a school leader."

"The conference has been truly excellent! High quality speakers and venue."

"It has been an amazing day. Engaging, challenging and inspiring."
